"Tom" Taggart, political boss of Indiana and National Committeeman from that State, said to-day at the Fifth Avenue Hotel that Judge Alton B. Parker, as the Democratic Presidential "to a certainty."

"As against Roosevelt we have in Judge Parker," said the Indianian, "a man who will get nearly all the votes. Roosevelt has no chance in our State. Judge Parker's decisions on trusts and

FLOWER'S \$23,000

Recorder Goff Issues Bench Warrant for Arrest of Promoter Who Failed to Appear To-day for Trial.

Recorder Goff, upon the failure o Dr. Richard C. Flower, charged under five indictments with grand larceny, to appear in General Sessions for trial today, forfeited the bond of \$23,000 upon which the former promoter had obtained his liberty, and issued a bench warrant for his re-arrest. Mrs. Cornelia Storrs, widow of Deputy Compcroller Storrs, who is said to have los through the stock manipulations of Dr. Flower, was the bondswoman. Unless the "Doctor" appears she will

lose the amount of her bond. When Recorder Goff convened his court, Assistant District-Atorney Garvan announced that after diligent search the District-Atorney's office had failed to locate Dr. Flower. Assistant District-Attorney Miner, who has charge of the bail department, then made a motion to forfeit the \$23,000 bond and for the issuance of a bench warrant to obtain the rearrest of the mining operator.

John R. Dos Passos and Abraham Hummel appeared in court as counsel for the missing defendant. Mr. Dos Passos said that he had been notified hree weeks ago that the trial of Dr. Flower had been set down for to-day. He had not, however, been able to find any trace of his cilent.

The Board of Education fo-day sent t treasury warrant to Comptroller Grout for his "O. K.," and the amount Was \$154.

"For nursing bottles," it read.
"Great Scott!" said the Comptroller. when Secretary Stanton handed it to him. "What on earth can the Board of isn't a man, woman or child in New York who does not need a medicine York who does not need a medicine

ODELL SAILS ON

Governor Takes Passage on the Kaiser Wilhelm Der Grosse for a Brief Vacation in London and Paris.

Gov. B. B. Odell, jr., chairman of the Republican State Committee, sailed for Europe to-day on the Kaiser Wilhelm fer Grosse. He will spend four days in London and four days in Paris, and then will take the first ship back, in order to get to Chicago in time for the Republican National Convention.

There is a well defined suspicion that Gov. Odell is hastening to Paris to attempt to persuade Ambassador Porter to run for Governor next fall. The Governor said before sailing to-day that he would see Gen. Porter in Paris, but he refused to say anything about the nomination.

Judge Parker's decisions on trusts and labor cannot be criticised. He was regular in 1896, and not only supported the ticket, but contributed to the campaign fund."

"What was the purpose of Corporation Counsel Delany's activity in Indiana?"

"Health hunting. I guess. I left him with Congressman Ryan, of Buffialo, at French Lick Springs drinking the health waters and apparently not concerned about politics."

DIVORCE REFUSED

Mrs. Jane Howe Proves Hasband is a Bigamist, but Justice MacLean, in Characteristic Opinion Denies Decree.

Refusing a divorce decree to Jane Howe from George Valentine Howe, although Howe stood up in court and admitted that ten years after separating from his wife he married another woman. Justice MacLean delivered this characteristic opinion:

"It has not been shown that the plaintiff is within the time fixed by statute. Respecting the confession of his subsequent marriage the defendant were better referred to the forum of the General Sessions or that of sectarian discipline, or both."

Mrs. Howe testified that she lives at No. 108 Colyer street, Greenpoint, and was married to Howe July 11, 1886. Three weeks later Howe disappeared and she did not see him again for fifteen years. Then she learned he was married again. Howe from George Valentine Howe,

Eczema drives its victim almost to the verge of distraction by its intelerable itching, stinging and burning. It seems to set the skin on fire, and the tormented sufferer rubs and scratches till the flesh is raw and the skin is torn and bleeds. Nothing applied externally does much good, for the disease is internal; the blood is aflame with acid poisons, that

are forcing their way through the glands and pores of the skin, causing it to redden and swell and break out in splotches, pustules and pimples, from which a clear, yellow, watery matter exudes, hardens and dries, and then peels off in scales or fine particles like bean. Eczema kindles a fire that water will not quench, and that lotions, salves, powders and soap cannot smother. As warm weather comes on and the system is reacting and the blood making extra efforts to throw off the accumulated poisons, Eczema attacks

with redoubled violence, and the sufferer is almost distracted by he fearful itching and burning. It is the most ancomfortable and aggravating of all skin eruptions and a terror
